

In This Our Life

This early work by Ellen Glasgow is both expensive and hard to find in its first edition. It is a fictional story of two sisters and their trials and tribulations in love and life. This is a fascinating work and it eventually became a Hollywood movie starring Bette Davies. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
